

PERRY VAN SCHELT
Principal / Designer/Art Director

"As a designer, I've worked on a wide variety of projects, but feel most passionate about designing monuments that will stand the test of time, conveying to future generations the emotional significance of present-day heroes."

DANIEL BOLZ
Principal / Marketing & Sales

"Civilizations leave their legacy to future generations by the monuments they build. Great monuments have the ability to lift the human spirit, to crystallize inner beliefs, to foster discussion, and to link one generation to another. Great monuments can stir the soul, comfort and motivate the individual, strengthen resolve, and encourage renewed action."
